Your data will be processed fairly and securely in accordance with the Data Protection Act 1998. Details of your rights under the Act, the data which the Provider holds, the data which may be passed to organisations outside of the Provider and the organisations which might be involved, can be obtained by writing to the Providers' Data Protection Officer.

Your personal data will be available to only those who need to see it. For example, sensitive data, such as medical records, will be used for the purposes of underwriting or claim management and rehabilitation and will be seen only by the people authorised by the Providers' Chief Medical Officer or equivalent.

**Please note** that you are explicitly consenting to the processing of your medical data by signing and returning this document.

## Notice of Statutory Rights

Under the Access to Medical Reports Act 1988 and the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991 and the Access to Health Records and Reports (Isle of Man) Act 1993 the Provider reserves the right to apply for a medical report from any doctor who has at any time attended you. The declaration gives us your consent to apply for such a report if we need to.

Your rights:

- You do not have to give your consent but, without it, the Provider will not be prepared to accept your request.
- If you do give your consent, you can indicate whether or not you wish to see any report before it is sent to us.

If you indicate that you do not wish to see any report:

- The doctor can forward it to us immediately and we should be able to process your proposal without delay.
- You can, however, still change your mind at any time within six months and notify the doctor that you wish to see the report. If the doctor has already forwarded the report to us, he/she will send you a copy and, if not, he/she will give you 21 days to arrange to see it.

If you indicated that you do wish to see any report:

- This may delay the processing of your proposal.
- The doctor is allowed to charge you a fee to cover the cost of supplying you with the report.
- You should follow the procedures outlined below.

## Procedures for Access to Reports

1. If you indicate that you do wish to see any report we will notify you if we apply for one, and will inform the doctor of your wishes. You will then have 21 days to contact the doctor to arrange to see the report.
2. If you do see the report, the doctor must obtain your consent before sending it to us.
3. You have the right to request that the doctor amends any part of a report you consider incorrect or misleading, and can attach your written views on any part the doctor refuses to amend.
4. The doctor does not have to let you see any part of a report that he/she considers would be likely to cause serious harm to the physical or mental health of yourself or others, or that would indicate his/her intentions towards you. He/she also does not have to let you see any part that would be likely to disclose information about, or the identity of, another person who has supplied information about you, unless that person has consented or the information relates to, or has been supplied by, a health professional caring for you. If the doctor does not let you see any part of the report he/she must notify you of that fact.
